

HPF SUPPLY CHAIN BULLETIN – JULY 2019

An update for HPF Implementing Partners and Stakeholders

Procurement and Distribution of Priority Essential Drugs and Medical Commodities, South Sudan

Procurement

Consignment C9—Stock is now on the high seas and the last of the kits should arrive in Juba mid-August, dependent on Tax Exemption and port clearance. Remember C9 stock will have BHI items within PHCC and PHCU facilities. We shall also deliver buffer BHI to 23 Counties as we did on C8.

Consignment C10 – This is in production and we are just waiting on confirmation of pipeline to determine the distribution date.

Consignment C11 – This will go out to tender and will form the basis of the annual tender process to select a supplier for C11,12 and C13. We have added some new items to the list from C11 onwards for distribution Apr/May 2020.

AMPICILLIN, Powder for injection:500mg vial

The IP MedLog will be notified of quantities and the facility type they will be supplied to in due course.

International Freight

The freight timelines for the C9 consignment have been finalised. During this delivery we are testing container thermal liners and pallet thermal liners. This test is all part of the GDP/MHRA process. All controlled drugs will come in by air.

Consignment 8 Distribution Update

C8 Distribution to the new HPF 3 supported facility list has now been completed. All work in the HPF

warehouse is now focused on preparation for C9 distribution Sept/Oct 2019 (date to be confirmed)

IP Last Mile Delivery

Now C8 distribution complete IP MedLog need to concentrate on Last Mile delivery which is to be completed within 21 days of receipt at the CHD. The IP must inform HPF Contracts, with justification, if this is not achievable. POD is to be sent to: terfa.tarhembah@hpfsouthsudan.org

Consumption Data

The IP MedLog is to ensure that Consumption Data reporting for June is completed and submitted on time. This data is essential for the HPF supply chain to determine smart procurement.

IP Medical Logisticians

We have now completed the first of two training courses for ToT of IP MedLogs. An excellent 5-day training package was delivered to the first group and we now look forward to the second group starting on Monday 8 Jul 2019. All participants received a certificate signed off by the Undersecretary MOH:

The training package will now prepare them to fulfil their roles and responsibilities to assist HPF to try and improve the E2E supply chain within South Sudan, but more importantly to ensure that stock is delivered, stored and accounted for correctly to enhance service delivery for health workers.
